[T.E.L.L. January] Sound in Education

When: 12 Noon (PST) Tuesday, Jan. 29, 2013

Who: John Born, BCIT

Session Description: Sound in Education

The tools for sharing audio online in an educational context are quickly changing for students and Instructors. The ability to use audio clips as a way to enhance lesson plans, quizzing, Instructor feedback, and student self-assessment have greatly been enhanced with accessible audio web tools.

Meet kele fleming from UBC Vancouver

Tell us a bit about where you work and what you do.

I work in the Centre for Teaching, Learning & Technology at UBC Vancouver. I lead the Teaching and Learning Professional Development team at the Centre, a very talented and diverse group of educational developers and educational technologists. We're charged with developing professional development programs, leading learning design projects and elearning consultation for the teaching and learning community.
