LITTLE (WORK) SHOP

[12 Apps of Christmas] Starts December 1st

We are excited to announce we are offering a 12 Apps of Christmas event this December. Similar to the successful UK event, this fast, fun, microlearning opportunity is free, open, online and offered to you by BC post secondary educators for BC post secondary educators and educators everywhere. We hope this will inspire all to explore new mobile apps for ... Read more.

2017 BCcampus Professional Learning

Workshop

– space is limited!

Feb. 22-23, 2017 (Wed & Thu)Location: SFU Harbour Centre, Vancouver, B.C.

Liberating Structures are a collection of powerful facilitation strategies that can be used in our classrooms, everyday meetings, strategic planning sessions, workshops, presentations, etc. They are seriously fun methods to engage and work together.

2017 BCcampus Professional Learning Workshop

Feb. 21, 2017 (Tuesday) @ SFU Harbour Centre, Vancouver, B.C.

– space is limited!

Have you ever noticed that moment when people are talking about something, then they whip out a pen and start sketching? Or when a conversation breaks open because someone goes to the whiteboard and draws something?

Join us for a one day, hands-on, full-on day of exploring the opportunities and practices of bringing hand made visuals into our teaching and learning. (P.S. "handmade" can mean electronic too!)

Meet Steven

Bishop from Douglas College

Contributed by Hope Miller, Douglas College Tell us a bit about where you work and what you do. I work in Academic Technology Services at Douglas College, as an online learning designer, which includes facilitating training in the Blackboard LMS, educational technology applications, and how to use related tools. How long have you been involved in teaching and Learning and ed technology? 9 years ...
